From The President

Summerfest: The Chambers hallelujah party that is thrown for the entire community, to highlight the successes of our business community and usher in the frantic days of summer. That sure sounds like a lot of fun and a mountain of work at the same time. First off, it's possibly the most powerful and efficient way to show off your business, to not only your immediate community but to thousands of potentially new neighbors as well. The Chamber is planning on promoting this year's Summerfest events, as far and wide as the advertising committee can reach. There will be more activities to attract visitors this year, so there will be more reason to attend.

Valencia County's booming growth has already highlighted our area to surrounding communities. Summerfest is our invitation to them to come and visit us for fun and enjoyment. Their visit becomes our privilege and responsibility to show our best view. As a community we should prepare wisely. Take advantage of every opportunity to present your business in its best light. Be involved in sponsoring Summerfest so your

Car Show Committee Picks ARCA

We are pleased to announce that proceeds from this year's Summerfest Car Show will be donated to ARCA.

ARCA is a private nonprofit organization founded in 1957 by parents desiring community-based services for their family members with mental retardation and developmental disabilities. Governed by a volunteer board of directors, ARCA is the largest non-profit provider of residential services to people with disabilities in New Mexico, operating more than 70 residences in the community and serving more than 450 individuals each year. ARCA operates as an independent local organization serving the Albuquerque Metro area.

Through ARCA the following services are available. Residential Services, Job Placement, Family-Based Services, Prader-Willi Syndrome, Literacy Instruction and Respite

ARCA's Mission:
To enhance opportunities for people with disabilities to be in and of the community.

From The President Continued

business can take advantage of all the marketing the Chamber will be performing. Your Chamber Events Committee has been working diligently to create a group of events that will not only be fun but fruitful in marketing as well.

On a side note; a series of events has taken place this year in your Chambers preparation for Summerfest that is highly noteworthy and should help all Chamber members feel a sense of pride. It was suggested by the Cruizin' Committee that this years Summerfest Car Show adopt a charitable cause to assist in the participation in this years event. They and the board chose ARCA as this year's charity. ARCA is a non-profit that opens doors for individuals with developmental disabilities. It provides homes and assistance to those in our community who are severely disabled, mentally. Much like the State Hospital and Training School did on the west side. It felt good that this community embraced aiding the disabled then and still wants to aid them now. I am particularly proud of your Chamber's choice of charity to assist. It seems only fitting in their decision.

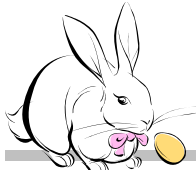

Summerfest is going to be a lot of fun. Don't let it pass your business by.

Business of the Month March 2006

Valencia County Animal Clinic
Donny Mac Dougall, D.V.M.

It isn't often that we get a request from someone clear across the country, Massachusetts to be exact, to honor someone as business of the month or year. Dr. Donny MacDougall & Los Lunas Animal Clinic has that honor.

His care and concern for her son's pet prompted this call. We've heard many such compliments on Dr. MacDougall. Los Lunas Animal Clinic is one of few in the state with an equine surgical facility.

Dr MacDougall has been a Member of the Chamber since 1998 and very supportive of many organizations.

At the present time he is working hard to put in our bid for the PRCA Hall of Fame and horse facility to be brought to Valencia County.

Congratulations & Thank you.
